Student's comments - Almost Random Theatre - Workshop

I liked the workshop as we are thinking about serious things but having fun.

I enjoyed the workshop and activities as it focuses on themes and views that currently exist in today's society.

The workshop went well and I enjoyed all the activities and liked all the comedic things he did.

The workshop went very well. The people are so nice and I've had so much fun. I've never been so confident in front of people. I liked working with people I hardly know. It was a really good workshop.

I like this workshop because we're discussing serious problems in general life, but we're having fun at the same time.
